### Mission

We are committed to deliver the best Quality products and services to customers

We act responsibly to our environment and societies and take sustainability as our core values

We develop knowledge and ability to bring innovation to ensure your pet's best health and well being

# History of Thai Awesome

Since the establishment of the company as food and beverage manufacturer and exporter with experience over 20 years, our products are sold domestically and internationally. Our current export markets are over 60 countries across America, Europe, Oceania, Middle East, Africa and Asia. The export value is over 85% of our total revenues.

From the past to present day we supply foods and beverages to various leading supermarkets around the globe and now we continue to expand our product lines and diversified our products portfolio into pet food under Thai Awesome Company Limited.

## Our Products & Services

Our company develops products under Private Label. We provide Private Label support services from product research and development, product design, packaging until you ready to launch finished product. We offer wide range of OEM products all made from high quality ingredients that meet international standards. Our key product options include meat loaf, casserole, home style, real flake meat and fish and wide variety of topping options.
